

Powerful Silicone Coating Remover

BLUTO

Features

- **BLUTO** is professional strength, powerful alkaline formulated silicone coating remover.

Applications

- Remove silicone coatings effectively.
- Natural stone such as marble, granite, limestone, travertine, terrazzo, sandstone and etc
- Ceramic tile, porcelain tile & grout

Direction

1. Mask off and protect any metals, baseboards or adjacent areas to avoid splashing, dripping, and avoid apply onto surfaces not intended to be cleaned.
2. Apply **BLUTO** with brush, roller, and mop etc then put paper towel and cover with plastic wrap on top. Use **BLUTO** undiluted solution to dilute 2(two) times with water.
DO NOT USE A SPRAYER. Sprayers increase exposure hazard.
3. Allow 45~90 minutes to penetrate. After that wipe coating off quickly when coating comes up.
4. Rinse well with clean water and wipe dry. Thoroughly rinse all metal surfaces with clean water. (Recommends rinsing more than twice.)
5. Wipe up with a clean dry towel, sponge or mop.
6. If silicone coating is not completely gone after drying, repeat process.

DO NOT LEAVE BLUTO ON THE SURFACE LONG TIME. WILL ETCH OR CORRODE SURFACE.

Coverage : 5 m²/ℓ

Caution

1. Read MSDS carefully and ensure that the area is well-ventilated during application.
2. Make sure **BLUTO** is suitable for your specific purpose conditions and applications before use. Always test in a small inconspicuous area to determine ease of use and desired results.
3. **BLUTO** is including 20~30% of Sodium hydroxide 5~15% of potassium hydroxide. Be careful to handle. Please do not handle it barehanded. Wear the eye shield, the protective glove, and the apron, etc. when you work.

4. Clean and rinse towel/brush with water.
5. Will etch or corrode most metal surfaces and glass. When it stuck the surface of these materials, rinse well with clean water immediately.
6. Don't mix anything other than water.
7. When **BLUTO** stuck your skin, rinse well with clean water immediately.
8. When **BLUTO** was in eyes and the mouth accidentally, rinse well with clean water immediately (more than 15 minutes). Please talk with a doctor if anxious.
9. Store **BLUTO** in a sealed container, in a cool place(30°C or below), keep out of the reach of children.
10. Be careful not to spill **BLUTO** when pounding from storage container.
11. Avoid touching the skin as much as possible when using **BLUTO**. Wear the eye shield, the protective glove, and the apron, etc. when you work.
12. Please use **BLUTO** as early as possible after opening a letter.
13. Wash your hand and gargle enough after it uses it.
14. Do not use **BLUTO** for any other purposes.

Properties

Appearance: Clear Liquid

Available Sizes: 4 Liter & 18 Liter

Storage conditions: Use within one year from when sealed off and stored below 30°C

* **BLUTO** does not use raw materials containing formaldehyde at all.

* For improvement of a product, there is a case to change contents without a notice.

Harmful

20~30% of Sodium hydroxide

5~15% of potassium hydroxide
